ABOUT ME

Hey! I'm an 18 year old Brazilian designer with experience on multiple areas since I was 12, working with freelancing. I have skills on different areas of technology such as UX/UI Design, web development, video editing, motion graphics and digital illustration. I love learning new skills and I value teamwork and quality on everything I make. I'm looking to improve my skills and learn new ones. I'm currently working as a UX/UI designer and studying Javascript (this resume was made with HTML and CSS!)
